RESEARCH PROBLEM

The family of Charles Joseph Quick of Southampton, Hampshire, England died in 1944. His daughter is Rose Ellen Quick.

We seek research ideas on Charles (Charly) Joseph Quick including:

1. Vital information of birth (baptism), marriage, and death (burial) and to find out if he has a wife, if he has children, if he has siblings and parents.
2. Who his parents and grandparents surnamed Quick are and possibly their siblings.
3. Seek documentation to show where the family comes from and where they reside.
4. If time allows, look for the Quick family earlier generations.
